GENERAL INFORMATION

NUTRA-BUILDER 30-10-10 is a water soluble foliar fertilizer containing nitrogen, phosphorus, potassium that is recommended to be used as a supplement to a regular fertility program. Do not apply to crops during periods of stress.

CAUTION: Avoid applications with highly alkaline materials such as lime sulfur or spray lime. Do not combine with dormant oil. The use of this fertilizing material on any crops other than those recommended may result in serious injury to the crop.

DIRECTIONS

Add NUTRA-BUILDER 30-10-10 to the spray tank when half full. Agitation in the tank will enhance the speed of solubility. Allow extra time for higher rates and areas with extremely cold water to completely solubilize before spraying.
