

**KEEP OUT OF REACH
OF CHILDREN**

DANGER

FIRST AID:

IF IN EYES: Immediately flush eyes with plenty of water, lifting the eyelids and rinse for 15-20 minutes. Remove contact lenses, if present, then continue rinsing.

Immediately call Poison Control Center or doctor for advice.

IF ON SKIN OR HAIR: Immediately take off contaminated clothing. Rinse skin immediately with plenty of water for 10-15 minutes. Get medical attention if irritation develops or persists.

Wash contaminated clothing before reuse.

IF INHALED: Move person to fresh air and keep at rest in a position comfortable for breathing if they feel unwell. If person is not breathing, call 911 or an ambulance, then give artificial respiration, mouth to mouth if possible. Immediately call poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Rinse Mouth. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person.

GUARANTEED ANALYSIS
Available Phosphate
(P₂O₅)..... 16.0%
Derived from: Phosphoric Acid
Wt/gal: 9.7 lb. @ 68°F
gr/ltr: 1160g @ 20°C

RATES FOR USE

Use 6 mL per 50 Liters of nutrient solution. This rate may need to be increased or decreased depending on plant growth cycle, and both the pH and the contents of the nutrient solution.

Do not mix with highly alkaline solutions as spattering and release of heat may occur.

MANUFACTURED BY:
CUSTOM AG FORMULATORS, Inc
3430 S. WILLOW AVE,
FRESNO, CA 93725
