

BEAN BUILDER

GENERAL INFORMATION

BEAN BUILDER is a high analysis liquid nitrogen and Potassium Fertilizer enhanced with organic acid and Biostimulants. This formulation provides increased uptake compared to other formulations.

BEAN BUILDER also contains Manganese, and Boron which is critical for proper pod fill and bean development. BEAN BUILDER may be mixed glyphosates and most pesticides, however, it is always advisable to perform a simple jar test before mixing. Always check tank pH and adjust level to what is recommended for spray mix conditions.

Warning: This product contains Boron. Use of this product on any crops other than those recommended may result in serious injury to the crop(s).

CONDITIONS OF SALE

Seller warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use. Weather, crop conditions, timing and methods of applications, mixtures with other chemicals not specifically recommended and other influencing factors in the use of this product are beyond the control of the seller. Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
